DESIGN. MACHINE. CREATE.

IT TAKES JUST ONE DISRUPTIVE IDEA TO TRANSFORM HOW WE
MANUFACTURE AND PROTOTYPE

Strange Matter

MEET MODULUS

MAKE MORE, FRET LESS

Conventional CNC Machining platforms demand a steep learning curve. Our software platform enables a wider range of users by drastically improving the Ease of Use factor. We endeavor to make CNC technology more accessible.

PORTABLE

Modulus occupies far less space in comparison to industrial CNC tools. Now, mill conveniently, in-house and make parts and products that would conventionally be outsourced to milling houses.

DESKTOP CNC MACHINING.

WHERE ENGINEERING SOLUTIONS MEET PASSIONATE MAKERS AND CREATORS.

PLASTIC IS NOT YOUR ONLY FRIEND

Work with a wide range of materials. Machine Aluminum, Wood and even plastics to name a few. Break the barriers of conventional 3-D printing technology.

PRODUCT SPECS

Weight: 70kgs

Spindle Speed: 10,000-30,000 rpm

Spindle Power: 900W

Accuracy: 0.001 inch

Price: 2.5 Lakhs

Dimensions: 0.8m x 0.8m x 0.7m

Machine Footprint comparison with other players
